03	Announcements from the Chair/ Vice Chair

10	Notes from School Fête review (AM + DW); <ul style="list-style-type: none"> <li>- Didn't see a single person who was against it,</li> <li>- Results have been included in the Fête report,</li> <li>- Activities went well</li> <li>- Thanks to GT</li> </ul>
11	Notes from the Village Fête & Festival review (DW, PS, GT, AM); <ul style="list-style-type: none"> <li>- Overall event was successful, shame we missed taking a photo,</li> <li>- It was felt the stand was a bit "out of the way",</li> <li>- People enjoyed the "independent skating display",</li> <li>- Lots of children really engaged well,</li> <li>- Residents were overwhelmingly positive,</li> <li>- Some people mistook the existing ramp as a slide,</li> <li>- 118 residents completed the survey, most responses positive,</li> <li>- 94% in favour, 86% amongst seniors (although that age group was under represented),</li> <li>- Very encouraging. BHN article to feature the "94% figure",</li> <li>- Q&amp;A should be included as well (attached),</li> <li>- Questionnaires were very useful, and</li> <li>- When people were questioned there was no real knowledge of the "Parish Poll" concept (potential BHN article?)</li> </ul> <p>AM provided a report (attached) additional comments on the report;</p>

	<ul style="list-style-type: none"> <li>- It was agreed that, when asked about security cameras, the best response is <b>“The SP Working Party are not actively planning on cameras but there are a number of grants available and if there is sufficient interest this is something that could be looked at after the park has been built”,</b></li> <li>- When asked about the choice of site; <b>“We have considered other sites, including the old Burger King site by the A14, but we believe the existing site would be more successful”,</b></li> <li>- Questions raised in the meeting included <b>“how long will this last?”</b>, and <b>“how will we hand this over to the next generation?”</b></li> </ul> <p>AM was thanked for putting the report together</p>
12	<p>Notes from the discussion;</p> <ul style="list-style-type: none"> <li>- Two opinions; new park (not for “us”), and our park (for “us”),</li> <li>- The discussion was around a mixture; catering for beginners and people who loved the old park,</li> <li>- A lot of people want “old park” back,</li> <li>- Hybrid was agreed as the most appropriate direction going forward – this was thought to have the biggest pull and doesn’t exclude either group,</li> <li>- Hybrid allows easy transition and doesn’t exclude people,</li> <li>- Interest in the skate park was highest in “double digit” ages,</li> <li>- “What is the point of older people contributing if they aren’t being listened to?”,</li> <li>- Hybrid, but need to achieve serious accidents. It was thought that there was 1 in 13 years which was thought to be good (it should be noted that exactly figures weren’t available),</li> <li>- Hybrid design but slightly more separate beginners area so less likely to cause accidents, and</li> <li>- Designed park is wider and taller than old park</li> </ul>
13	The meeting approved a note of thanks to DB for his excellent work designing the logo
14	No comments were made as this was “For information” only
15	<p>Next steps;</p> <ul style="list-style-type: none"> <li>- “Preliminary design” (to be iterated in future) by DW/ KS was agreed and adopted as the design we should use to approach contractors</li> <li>- It was noted that we expect the design to change</li> <li>- Meeting with contractors will now be arranged by AM/DW</li> </ul>
